Subject: Operator Training Provider Approval

Dear Mr. Phillips:

We have reviewed the operator training presentation that was submitted to us in March 2010 and changes made June 15, 2010. The presentation with changes made after the first submittal is approved as submitted. Either Tom Collins or Paul Nelson will attend/audit the first training session, and may offer additional feedback at that time. We will audit each training provider's presentation at least once.

Please provide us with the dates and locations for operator training as soon as they are made available. We will also post these dates on our website. Congratulations on your approval. Please review the operator training rules to ensure all the items for testing and documenting training are covered for each training event.

Sincerely,

Elaine Douskey

A handwritten signature in black ink that reads "Elaine R. Douskey". The signature is written in a cursive style with a large, looped "D".
